\$300 bond

SANDY FEET SOUL RETREAT

Coastal and breezy 3 bedroom 2 bathroom holiday home!

Positioned at the southern end of town, but still only a 20 min walk to the shops, this holiday home is the one to help melt all your troubles away.

3 bedrooms are all of a good size with built in robes so you can put your clothes away. The master bedroom is at the front of the house and sports a queen size bed, big walk in robe and en suite with toilet and large shower enclosure.

The second bedroom has another queen bed and the third bedroom is for the kiddies- 1 set of bunks and a single bed.

The center of this home is massive and serviced by a large air con to cool the entire area. You will always be a part of the conversation, even when prepping in the kitchen. The kitchen has a large fridge/freezer, microwave, gas stove top and electric oven. There is even a filtered water tap for drinking.

The open plan consists of a large dining table at one end, lounge suite and flat screen TV in the middle and a ping pong table, small bar and dart board at the other end.

The double garage is great for secure parking with a shoppers' entrance into the main living area. And if you think you are adventurous enough, have a go on the double kayak. Safety vests must be used and a kayak trailer is there too to help you tow it, just down the road to the beach. Please be careful and return the kayak to it's original position before departing.
