HIGH-SET WITH 3 DECKS

HIGH-SET FAMILY HOME right near the golf links and club house and with great access to the beach. This one has 3 bedrooms and three separate decks! Living is spacious and open and cool. The very modern kitchen combines well with the living and dining space and includes a big walk-in pantry. Off the dining is the huge back deck, off the living is the big breezy front deck, then a smaller deck opens from the main bedroom. Plenty of lockable storage & work space under, a second bathroom and laundry, together with a double car space - there's tons of parking space on the big apron in front. An additional "boat port" on right side is ideal for your trailer / boat/ golf buggy. The whole back garden is a lush tropical Oasis with 4 greenhouses around the fence lines. This 809 sq. m land has bore water for your garden. The poly rainwater tank is might handy and is reticulated. This garden is a NO MOW zone - more time for golf/fishing !
