## When you want something different..

This is a very unique and inspiring home, probably only one of a kind.

The kitchen and meals zone is to die for. The full glass wall over looks the river and you just want to loose a couple of hours in the kitchen with a cup of coffee or a glass of your favourite wine.

This home just oozes character in every room. Both bedrooms are different to each other with high ceilings and feature walls. The very spacious bathroom is spectacular, doubling as a dressing room. The laundry is a feature in itself with the new tiles and cabinets.
