Huge home with beautiful views to gardens!

This huge home is very unique in its style and even more appealing with brilliant natural light flowing throughout all its living spaces. Step inside and timber lined ceilings grab your attention straight away as they highlight the lounge/dining room with big picture windows that continue past the kitchen that's been updated with timber bench tops and stainless steel appliances. There's also 3 robed bedrooms - the master with a private courtyard and cleverly concealed walk in wardrobe and ensuite. You'll also enjoy additional features such as a study, lovely family bathroom, split system cooling and ducted heating. Outside, there is a double remote controlled garage as well as a spacious and private rear garden with an expansive covered patio that makes year round entertaining a pleasure. Finally the location is also a winner, just a short walk away from Vermont South Shopping Centre, buses and tram terminus.
