Offering a fabulous family locale near Terminus Village and trams, good schools and Monash University, this unique craftsman built residence is character rich, sunny and spacious dimensions provide brilliantly zoned family enjoyment. The deep north-east facing yard complements the midwest American ranch style architecture, textural white washed walls, beamed raked ceilings and timber floors characterize the generous and inviting living and dining room warmed by an open fire. Streaming with northern light, the well equipped kitchen and spacious family room open to the private north oriented garden. While the main bedroom with en-suite/bathroom and walk in robe and a study enjoy their own space at the front of the house, a separate wing comprises two further bedrooms (both with built in wardrobes) and bathroom in addition to two bright bedrooms (both with built in wardrobes) and roof top deck upstairs. This charming home also includes gas heater, laundry and double carport.
