For The Serious Employer

It will take you no time at all to realise the true value in this property. 16 Ensuited rooms, with bed, cupboard, fridge and TV in each.

The complex has a lovely big kitchen space with stainless steel benches, commercial fridges and aircon dining area. There is 2 massive outdoor spaces with tables and chairs that allow for eating, or relaxing for the residents.

The property is complete behind a large colourbond fence, and has a storage room for linen etc, and a laundry with machines and dryers.

There is differing rooms, suitable for supervisors or those that need a bit extra space, and each room allows the occupant the privacy they need.

Value for money is an understatement, but there are additional benefits to this place, which is the difference between a normal 'mining camp' and this place, allowing a bit more of a personal touch, and a homely feel.

Keep your staff together, and be in full control of your own camp, as you are the only tenant.
